

VOLUME 1—NUMBER 304

PADUCAH, KENTUCKY, TUESDAY, AUGUST 31, 1897.

TEN CENTS A WEEK

A HEAVY FROST

Visits the Northwest With Great Destruction to Crops.

SPANIARDS CLAIM A VICTORY.

Strikers Attack Non-Union Men and Operators in Indiana.

OTHER LATE TELEGRAPHIC NEWS.

Chicago, Aug. 31.—Dakota, Minnesota, Iowa and Wisconsin were visited by a heavy frost last night. The damage to corn, flax and vegetables is very great.

CUBANS DEFEATED.

That is, the Spaniards Make That Claim.

Havana, Aug. 31.—A claim is made here in Spanish circles that the largest force of the Cuban army has been routed with a loss of 300 Cubans slain. The report is not credited by the insurgent sympathizers.

VIOLENCE RESORTED TO.

Strikers Assault Non-Union Men and Fatally Wound An Operator.

Elwood, Ind., Aug. 31.—The strikers this morning attacked the non-union men who went to work and drove them from the mines. In the affray an operator and several non-union men were fatally injured.

FATAL RAILROAD CROSSING.

Topeka, Kan., Aug. 31.—Mrs. Coker and her son, wealthy and prominent people, were killed by a train at a crossing today.

LARGE CROWDS OUT.

To Hear the Joint Debate Today at Benton.

Benton, Ky., Aug. 31.—The court house today is crowded with people to hear the joint debate between General Hindman and Hon. C. K. Wheeler.

ENORMOUS GRAIN MOVEMENT

The Last Two Days at Chicago Break the Record.

Chicago, Aug. 30.—The grain movement into and out of Chicago the past forty-eight hours is record-breaking. Exactly 5,065 cars of all sorts were received, including 3,585 cars of corn. Shipments aggregate 2,400,000 bushels of all kinds of grain, including 119,000 bushels of wheat, 1,666,000 bushels of corn, over 500,000 bushels of oats. The receipts in bushels were: Wheat, 175,500; corn, 1,244,000; oats, 558,000. The remainder was rye and barley.

MAY BE A FAILURE

The Labor Conference at St. Louis Now In Session.

Less Than a Hundred Delegates are in Attendance.

St. Louis, Aug. 31.—The conference of labor leaders, which began yesterday had a busy day. What the conference has accomplished, if anything, is in doubt.

It is not believed that the leaders have attained any definite results, and, in fact, the President of one of the national organizations said tonight that the failure of the conference was a foregone conclusion.

"I should feel very much chagrined," said this gentleman, "if I had had any part in the convening of this conference."

FARMERS REFUSE TO SELL.

Offered Ninety Cents, But Are Holding Their Wheat For a Dollar.

Lexington, Ky., Aug. 31.—The farmers of the Blue Grass region, many of whom were in the city today, are not at all worried at the reaction in wheat. They say that the market is being manipulated by speculators and they are satisfied wheat will go to a dollar permanently. Therefore, none of them are selling at the price offered today by local buyers—ninety cents.

Fine Crops in Graves.

Mayfield, Aug. 31.—The crops in this county are looking fine, but are the seed of a good rain. The crop of tobacco is as fine as ever raised in this county.

this section, and there will be an abundance of corn raised. This will be an excellent year for the farmer, and if trade is no better this fall it will not be the fault of the crops. All the farmers in Graves county are in good spirits and expect to reap the largest and best crops they have had for several years.

MARKETS.

(Reported Daily by Lacy Grain Company.)
Chicago, Ill., Aug. 31.—Dec. wheat opened at 90 1/4-90 3/4, highest 90 3/4, closed at 89 3/4.
Dec. corn opened at 32 3/4-32 1/2 and closed at 32 1/2.

TRENCHING MACHINE

Contractor White Tests the Machine.

It Will Greatly Facilitate Trenching in the Sewerage Work.

The new trenching machine, to be used in the construction of the sewerage system, was tested this morning by Contractor White at Third and Clay streets, and worked satisfactorily.

It is one of the largest machines of its kind made, and will greatly expedite the excavation of the ditches. The piping for the sewers has not yet arrived.

COMMITTEES APPOINTED

At a Meeting Last Night to Confer With the Electric Light Company.

A meeting of citizens was held at the city hall last night to consider the price of electric lights, as advanced to take effect tomorrow. Mr. Ed Jones was elected chairman, and Mr. Paxton, in behalf of the company, addressed the meeting, explaining that the price is reasonable, and much less than the rate in many other cities, and that both companies were losing money before the consolidation.

Messrs. Potter, Rudolph, Levy and Steele were appointed a committee to confer with representatives of the light company, and Messrs. Wicks, Lee and Smith were delegated to confer with the council.

When the committee are ready to report, another meeting will be held.

FELT SORRY FOR ROSS.

And He Thereby Got Off With a Light Fine.

Thomas Ross, a painter, was arrested last night on a charge of using profane language toward Mrs. R. W. Hook, on Second street, and drawing a knife.

He recently had trouble with Mrs. Hook, and she cut him in the head with a bread knife.

He was drunk last night when the offense was committed, and this extenuating circumstance is what occasioned his release on a fine of \$1 and costs. Judge Sanders said he felt sorry for him.

THE SCORE AT THE

And Then Mr. J. C. Piper Won the Medal.

The first score for the club medal at Le Belle park yesterday afternoon was 19. It was 19 to 19 out of a possible 25 between Messrs. D. L. Lewis and J. C. Piper. Mr. Piper won in the second match by a score of 20 to Mr. Lewis' 19, out of a possible 25. Scores:
First shoot—Piper, 19; Lewis, 19; Maynard, 18; Robertson, 17.
Second shoot—Piper, 20; Robertson, 20; Lewis, 15; Maynard, 18.

SALOON KEELERS

Were Summoned Today By Marshal Collins.

A dozen or more saloon keepers were warranted this morning by Judge Sanders on a charge of Sabbath violation. Summonses were issued, and the defendants will no doubt plead guilty tomorrow, and awaken a broad, lingering smile on the jovial countenance of Prosecuting Attorney Reeves.

HOLINESS MEETING.

One Commenced Today at Lyon's Capital.

The first annual meeting of the Holiness Association, to last ten days, began at Eddyville today, with a fairly large crowd to start with.

It is expected that the people will flock there by the hundred, however, before the meeting is over. There was no camp meeting at Kuttawa this year.

Cordage Factory a Go.

The cordage factory, from present indications, is an assured thing for Paducah. The meeting yesterday afternoon between capitalists was very satisfactory in several respects.

EMBEZZLEMENT.

H. W. Van Senden Arrested on That Charge Yesterday.

HIS BOND FIXED AT \$6,000.

He is Also Accused of Setting Up a Gaming Table.

NO STATEMENT FROM DEFENDANTS.

Washington, Aug. 31.—A special to the "Courier-Journal" under date of Aug. 30 says: The arrest of H. W. Van Senden today upon the complaint of Joseph Wilkins and Fred W. Emrich, upon the charge of embezzling from them \$4,887.50 caused a mild sensation here, as Mr. Van Senden is well known in Washington by reason of his late high position in the Treasury Department. Dennis J. Canty, the business partner of Mr. Van Senden, was also arrested as a party to the transaction. The defendants were arraigned before Judge Kimball this afternoon, and each held under bond of \$5,000 for embezzlement and \$1,000 for setting up a gaming table. Henry Hiney, a business man here, went on the bond of the accused, and Judge Kimball fixed the 9th of September for a preliminary examination.

The accused refused to make any statement at this time, but the complainants say that the firm of Canty & Co., of which Van Senden was the "company," has been from time to time intrusted by them with considerable sums of money for the purpose of speculating in stocks for Messrs. Wilkins and Emrich. It is further stated that there are likely to be several other charges filed against both defendants, and that the total amount involved will be about \$15,000.

About a month ago Mr. Van Senden purchased the interest of Joseph Rickey in the stock brokerage establishment of Canty & Co. He got \$8,000 in the establishment, which was doing a commission business that paid about \$2,000 per month. Among their customers were Wilkins and Emrich, who filed their complaint today charging fraud in addition to a civil suit filed about ten days ago for the amount that they claim is due them.

The firm of Canty & Co. failed about two weeks ago and failed to settle with their creditors. Since then Mr. Van Senden has been in New York, and only returned last night. This morning demand was made upon him for payment by Wilkins and Emrich. He asked for time, agreeing to pay part down and give notes for the remainder in three and six months, but the creditors refused and immediately swore out the warrants which led to the arrests.

The allegations of the prosecutors are that they did business with the new company until Aug. 13, when the firm notified them that it had suspended business. They allege that their profits on different stocks had accumulated until they reached \$8,900 on the day of suspension; they allege that the day previous to the suspension of business of Canty & Co. the firm received from Willard & Co., their correspondents in New York, the sum of \$9,742.62. Canty & Co. deposited this with Crane & Parash, having an amount already on deposit there sufficient to make a total of \$14,000.

The morning after the money was deposited, it is alleged, and the same day the customers were notified of a suspension of business, this amount was drawn out of bank. Mr. Canty getting \$3,200 of it, and Mr. Van Senden the remainder, an amount sufficient to reimburse him for what he had put in and to give him \$3,200 besides.

The prosecutors say that Mr. Van Senden told them they would be paid every cent due them, but did not specify a time. They admit, however, that there was some talk of paying them in four, eight and twelve months.

It was stated by the prosecutors that up to the time of the dissolution of Canty & Co. the firm had paid all profits promptly.

While neither of the accused would consent to make a statement, Mr. Van Senden told a friend that he was simply a silent partner in the firm of Canty & Co., and had no part in managing the business of the concern, having, he said, been absent in Kentucky almost from the time the company was formed until recently, when he returned to Washington.

The belief is that the accused had no intention to defraud their creditors, but got on the wrong side of the market and the houses that they had business connections with "went back" on their deals and the firm was not able to pay the losses. A gentleman stated tonight that what led to

the misfortune was the closing of a trade of 2000 shares of Sugar on the long side by a New York house without any authority from the local house, and that Sugar went up two and a half points the next day, causing a loss of \$5,000. A telegraph operator is blamed for the blunder. The suspended firm also had a Chicago connection that got caught in the bull movement in wheat and lost a large amount of money. It appears that they played in bad luck all around.

The friends of Mr. Van Senden do not believe that he had any intention to defraud his creditors, and feel confident that he will be able to exonerate himself fully when the case comes to trial.

Washington, Aug. 31.—H. W. Van Senden says that he is not alarmed on account of his arrest, and that he will have no trouble in clearing himself. His friends, however, say that he is in serious trouble.

MOB AFTER HIM.

Negro Assailant in Danger of His Life.

Flemingsburg, Ky., Aug. 31.—Charley Page, a negro who attempted to assault three white women in Mason county yesterday, is in danger of being lynched, as a mob is after him.

Steel Rails Going to Africa. Baltimore, Aug. 31.—The British steamship *Titanic* will in a few days sail from this port bearing the first cargo of steel rails ever shipped to South Africa. The shipment will amount to 1500 tons.

MOSE STORRY'S FRIGHT.

How Near He Came to Shuffling off Last Night.

Struck by a Train Near Dawson Last Night.

Mose Storry, colored, of 923 Washington street, had an experience last night that he will not care to have repeated as long as he lives. Storry is a brakeman on the Illinois Central, and was out last night on an extra in charge of Conductor Jas. Scott.

Near Dawson he descended from the train and ran ahead in the middle of the track. He was there when the locomotive, with looming headlights, ran him down. The pilot struck him, knocking him off and painfully injured his left leg and hip. Fortunately, and almost miraculously, he was not seriously hurt. There is a high embankment near where the mishap occurred, and the hapless brakeman could escape on neither side. The time of the accident was 11:25 p. m.

AN OLD RESIDENT.

Samuel Herndon Dies at Princeton.

Samuel H. Herndon died suddenly at his residence at 3 o'clock yesterday morning of heart failure. He was 70 years old and was apparently in good health. He had been a resident of Princeton twenty-two years, having moved there from Christian county in 1875. He leaves a wife, but no children.

POSTMAN ACKER

Leaves for the Letter Carriers' Convention at San Francisco.

Postman Fred Acker left at noon for San Francisco, Cal., to attend the eighth annual convention of letter carriers.

Postman Chas. Halliday was appointed a delegate by the local order, No. 363, but could not attend. Mr. Acker is vice president of the Kentucky division, having been elected at Grand Rapids last year.

CLARK HELD.

He Cannot Give the \$300 Bond.

Fawcett Clark, of Calvert City, who was arrested Saturday for violating the revenue laws, was tried before U. S. Commissioner J. R. Puryear this afternoon at 1:30 o'clock and held to answer, his bond being fixed at \$300.

Several witnesses from Calvert City were here and the case against him is clear. It is not thought that he can give bond.

DR. FRANK BOYD

Purchases Dr. T. E. White's Interest in the Infirmary.

Dr. Frank Boyd today purchased the interest of his partner, Dr. T. E. White, in the Boyd-White infirmary at Sixth and Broadway, and leased individually from Mr. Riecke the building for another term of years. Dr. Boyd will continue to conduct the infirmary as heretofore, except that it will be in his own name.

ONE-ARMED PUGILIST

Blacked Officer Albert Sencer's Right Eye.

HE WAS A BAD 'UN.

Came From Graves County and Was Mad Because They Searched Him.

HIS PROFANITY IS ORIGINAL.

Sam Casey is the name of a one armed tough of Graves county, twelve miles from Mayfield, who is a very bad fellow to run against when he gets a few drinks ahead. At least this is what Officer Albert Sencer thinks, and he ought to know, for the young one-armed pugilist dealt him a blow last night which made the officer's eye quite black.

Officers Smedley and Sencer were informed that Casey had a gun, and called him from Ida French's establishment on West Court street. He gave vent to a broadside of indignation because they searched him, and as you know, if you've ever "sassed" a policeman, what they did was a plenty.

He was taken to the lockup, and swore a blue streak all the way down. Judge Sanders and several others heard him, and the Judge stated this morning that Casey used the most original profanity he ever heard, and applied epithets to all policemen in general which would make Brann ashamed of himself.

When a detachment of policemen and several citizens were relegating the one-armed demon to the lockup, he jerked loose from Chief Singery and struck Officer Sencer in the eye. It is fortunate for him that he got off with a \$5 fine this morning in the police court.

AMENDED ARTICLES.

Filed for the Paducah Ice Company Today.

The Paducah Ice Company today filed amended articles of incorporation, changing the capital stock from \$100,000 to \$150,000. Mr. Riecke also decided to the Paducah Ice company, for \$5,000 cash and \$25,000 in stock, the ice plant on South Third street.

Mr. BRYAN stated that "as down
gold silver, down will go all farm
products." That was last year.
Even Mr. Bryan knows better now.

The parties disposing of stock in
the Sun did not question the politics
of the purchaser, but rather if his
money was worth 100 cents on the
dollar.

The garbled condition of the a-
cle in answer to the Sun's array of
facts is a fair example of the abilities
of the "Register" to answer any
argument.

No one should blame Mr. Bryan
speaking for the "masses" as
the "classes" at the rate of
100 a night. We can find several
ad money men who are willing to
do speeches at that rate. Mr.
Bryan knows a good thing when he
sees it, and he is working his rab-
ble foot for all that there is in
it.

An English paper says the ad-
vance in wheat is "an unmerited
stroke of good luck for President
McKinley's government" and then
abuses the new tariff law. The ad-
vance in wheat may be luck, but the
new tariff is good management, and
seems a treasury source on our side
of the Atlantic.—St. Louis Globe-
Democrat.

EVERYTHING is going up in Mexico
out wages and silver. Silver is going
down, the necessities of life are go-
ing up and wages remain stationary.
Mr. Bryan might go to Mexico and
secure out a currency system based
on the wages paid the Mexican la-
borer. It would undoubtedly be
thrown away, but no more so
in the advocacy of the free coinage
silver upon the hypothesis that
heat and silver are twins.

The Sun never misrepresents its
own opinions or endeavors to carry
water on both shoulders; its policy is
plain that he who runs may read.
It takes its stand honestly, is not
aid to express its opinion on any

subject that is of interest to the pub-
lic, especially the leading one of the
day, the financial question. It does
not publish items to tickle the fancy
and make money out of one side,
while it believes the other way. It is
a well known fact that all the stock-
holders of the "Register" are out-
spoken sound-money men, and yet
they are endeavoring to run a free
silver paper and dictate to the free
silver wing what their duty is. It is
also generally believed that if the
qualifications outlined by the "Reg-
ister" were applied to its officers ev-
ery one of them would be disqualified
from participating in the next primary.

THE PRESIDENT'S PLANS.
The President is now in Cleveland,
the guest of Senator Hanna. On
Wednesday of this week, probably in
the morning, the presidential party
will attend the Hayes-Smith
wedding in the evening. The fol-
lowing day the President will attend
the reunion of his old regiment. On
Friday he will attend the state fair at
Columbus. The President's mother
will not visit Cleveland during the
stay of her son, but the latter will
make a short trip to Canton after his
trip to Columbus. The President
will probably spend Saturday and
Sunday with his mother before re-
turning to Washington.

ANOTHER REPUTATION.
Ex-Governor Horace Boies, of
Iowa, in his speech opening the Demo-
cratic campaign in that state at
Fort Dodge, August 19, repudiated
free coinage at 16 to 1 in the fol-
lowing unmistakable terms:

"Under circumstances as they now
exist, with silver demonized by the
great commercial countries of the
globe, with the frightful chasm that
separates the commercial values of
metals constantly widening, and in
the light of our own recent national
election, I can not bring my own
mind to believe that the free coinage
of silver at the ratio of 16 to 1 with
gold is within the reach of its friends,
nor can I help the fear that it would
not be desirable even if attainable."

SOUTHWARD, HO!
Though immigration has fallen off,
the news of better times in this coun-
try will again swell its volume. New
enterprises forming, old ones re-viv-
ing and increased opportunities
everywhere will reduce the number
of unemployed, which has been pre-
sented in the last four years. But
inquiring, how can it be better?
The old direction, go west,
appeals no longer against the record
of abandoned farms in Kansas and
Nebraska. The outlet for the re-
dundant energy of the East is no
longer the West, but the South re-
mains open to it. Political and other
considerations have tended heretofore
to check a natural impulse of many
northern people to transfer them-
selves to the more genial climate and
greater industrial possibilities which
seem to invite them from the South.
But with other avenues closing
against them the merits of the South
as a place for settlement are entitled
to fresh consideration.—[Philadel-
phia Press.

PROTECTION VINDICATED.
The production of tin plate in the
United States was one of the objects
of the McKinley bill. The free-
traders opposed, in the most vicious
way, the introduction of that indus-
try among us. They denied that its
establishment was possible, and in-
sisted that it was not and could not
be made a profitable American in-
dustry. There never has been, in
history, a more complete vindication
of an economic theory than the his-
tory of the tin plate industry has fur-
nished.

The Philadelphia "Press" tells the
story in this way:
Seven years ago this month the
McKinley tariff made the manufac-
ture of tin-plates possible in the
United States. The usual predic-
tion was made by the opponents of
the increase of duty that it would
have no effect on the manufacture
and only act to advance the cost of
tin plates to the consumer. In 1890
the United States made tin-plates.
Last year 137,053 tons were made
here. Our tin plates then all came
from abroad, and they averaged, in
1890, 8 cents a pound. In 1896,
for such as were imported, the for-
eigner got only 2.2 cents a pound.
These are familiar facts here. They
have just been laid before the meet-
ing of the British Iron and Steel In-
stitute at its Cardiff meeting. We
quote the report of the London
"Times" in another column. The
confession is frank, free and without
reserve. Mr. George B. Hammond
told the institute that down to 1891
England made all our tin plate. "The
American market was supplied en-
tirely from Wales." The McKinley
tariff increased the import duty and
"there were now tin plate mills in the
United States with a total capacity
to supply all the American
wants." The work is accomplished.
Of 490 mills in Great Britain only
302 were in operation last April. In
1891, the year cited by Mr. Ham-
mond, 1,036,489,074 pounds of tin
plates were imported by this country.
In 1896 only 385,138,983 pounds
were imported. In the fiscal year
just over still less. The current year
there will be another drop.

In ten years from the passage of
the McKinley tariff British tin plate
will be as rare in this country as
British steel rails, and soon after tin
plate will be exported, as steel rails
are now.

A GOOD IDEA.
The Bradley-Hunter Quarrel
Will Be Ignored in This
Campaign.

How Col. Thomas J. Young Esti-
mates the Prospects of Re-
publican Success.

Col. Thomas J. Young, the man-
ager of the Republican Speakers'
Bureau for this state, and with head-
quarters at Louisville, made the fol-
lowing statement to the "Courier-
Journal" Saturday:

"My idea in directing the bureau,"
said Col. Young, "is to ignore this
Bradley-Hunter quarrel altogether,
and get both factions to work for the
ticket. This I believe can be done.
Gov. Bradley has already promised
his support to Mr. Bailey, and I have
no doubt but that he will make a
number of speeches for the nominee.
Mr. Bailey is not a Hunter man, as
has been charged. He voted for
Judge Holt in the Republican caucus
for United States Senator, but when
Dr. Hunter was nominated he sup-
ported him loyally.

"As for Dr. Hunter, I think it
probable that he will make some
speeches in the Third district. I
want, if possible, to get both factions
to work for the nominee.

"My idea of conducting the cam-
paign is to make a hard fight to roll
up old-time majorities in Republican
districts, and let Parker, the Populist
nominee, take care of Western Ken-
tucky, where the silver sentiment is
strongest. Parker, I believe, will
roll up at least 20,000 or 25,000
votes. These, of course, will come
off of Shackelford's vote. Hindman,
I believe, will poll from 30,000 to
40,000 votes, while Shackelford, will
not get, in my opinion, over 150,000
votes. Figuring this way, Mr. Bai-
ley will have no trouble in winning.
Our idea is to win this year in order
to show that the result last year was
not an accident. I think the state-
ment of Shackelford, the silver nomi-
nee, that he will poll more votes than
did Bryan last year, is absurd.
There is no possible way for him to
do it. He is simply talking for ef-
fect."

A FRUITLESS SEARCH.
Is What Constable Miller Had
After Thieves.

People and the County Have Of-
fered a Reward for the Gang.

Constable Anderson Miller, of
Paducah, has been on a fruitless
trip to Cairo, Ill., and Missouri,
whether he went in quest of the rigo-
rous of an organized gang of
thieves that for several months past
has been operating near Grahamville
and in the lower portion of the
county.

The thieves have been so bold,
and have made so many depredations,
that the people of that section have
made up a reward of something near
\$50 for the arrest of the thieves, and
Constable Miller went after the leader,
expecting to find him near Cairo.

Two or three of the gang are now
in jail awaiting trial, and from them
valuable clues have been obtained.
The thieves have stolen everything
from wheat and corn to a horse, and
have even killed cattle and skinned
them in the pasture, taking as much
of the beef as they wanted.

VICTIM OF CIRCUMSTANCES
This Is What Thomas James
Said.

He Was Charged With Riding
With Soiled Doves.

Thomas James, a young telegraph
operator of Metropolis who has been
without employment for the past three
months, went on the Log Cabin ex-
cursion last night.

He was arrested at First and
Broadway when the boat returned for
being in a hack with prostitutes. He
claimed he was already in the hack
when the two women were shown
into it, and that he did not know
them and did not speak to them.
Officer Eaker then released him, but
re-arrested him an hour later.

James claimed that he was on the
excursion with the women, but didn't
know them because he was gambling.
The evidence seems in his favor and
Judge Sanders today recognized him
until tomorrow, when the women
themselves will be summoned to
testify.

My Stars, What's This?

Only a little constellation to remind you that THIS WEEK we're going to have the

Greatest Shoe & Clothing Sale

Ever heard of in the city of Paducah. We've taken all our \$1.50, \$1.75 and \$2.00 men's and ladies' black, ox-blood, green, coin, razor, globe and French toe—all go for

\$1.00.

Boys' School Shoes and Clothing and Men's Clothing in proportion.

If you see these shoes and clothing you'll buy whether you need them or not. We want your trade; that is why we offer you such inducements.

PADUCAH AUCTION CO.
Third and Court

I. C. NOTES.

There was a rear end collision of freight trains two miles below Ohio, Tenn., about 2 o'clock this morning, as a result of which Engineer Frank Winters, of Broadway, was seriously injured.

An extra in charge of Engineer John Tryman was struck by south-bound freight 151, in charge of Engineer Frank Winters and Fireman George Smith, and the latter engineer was injured.

The trains were not moving rapidly, or the collision might have been followed by more serious results. How the accident occurred is unknown, as for two or three miles each way the track is perfectly straight and level.

It was learned this afternoon that Engineer Winters was not seriously hurt, only a shoulder being dislocated. He was brought in at 2:45 and carried to the railroad hospital.

Traveling Auditor R. Adams arrived at noon from Princeton, after this afternoon checked out Mr. A. J.

DEATHS.

Thomas Holland, aged 2 years, died last night of fever. The remains will be buried this afternoon.

W. J. Wolff has opened a tin shop at No. 216 Court street. Steamboat work a specialty. 31a2

A child of Susie Scott, of North Sixth died last night.

A child of Lizzie Hicks died at the family residence on Broad street.

Ida Perry, aged 3, died yesterday at the family residence, 1410 Washington street. The funeral took place at 2 o'clock this afternoon.

Colored Celebration at Grahamville.

Tomorrow is colored Sunday-school day at Grahamville, and as is the case every year, the celebration is one of vast importance to the colored people. Several were in the city today purchasing banners, etc., for the procession.

Crone as Union depot ticket agent, and checked in Mr. George Warfield as his successor. Mr. Warfield takes charge tomorrow, and his many friends will be glad to see him back in his old place. He has always been one of the most popular employees in the city.

Tomorrow the Illinois Central and Ohio Valley offices at Princeton will be consolidated. With Mr. W. H. Bartlett, the present Illinois Central agent, in charge. Traveling Auditor Adams checked out Mr. Hickson, the Ohio Valley agent, today.

The trestle work on the river front railroad is progressing slowly. The crew is still here, awaiting the arrival of the pile driver.

Mr. Lem Jorgenson left at noon for Memphis, where he tomorrow becomes baggage master at the Poplar Street Station.

Conductor Jim Foster, who had a limb broken in Mississippi not long since, was resting easy today at his father's home on Broadway.

Yardmaster Bob Nelson has resigned, to take effect tonight, and accepts a freight run with the company. He will probably be succeeded by Mr. Hick Hamilton, acting yardmaster, who is a reliable, industrious young man, thoroughly competent and very popular with the yard men.

Traveling Freight Agent R. C. Watkins left this morning for a sojourn at Hot Springs.

A Good Company.
The paper was put up today for the Peters & Green Company, which opens next week in farce comedy at Morton's Opera House. The company goes to the Grand Opera House, Evansville, after it leaves here.
